

Informational letter

International Forum "Science and Global Challenges of the XXI Century" (hereinafter the Forum) will include the **international scientific and practical conference GE-2021 "Economic Science in Global Challenges: Realities, Forecasts"** (hereinafter the Conference).

The main themes of the Conference will be topical issues of economic development in an era of global uncertainty. This is due to the need to search for an answer from the expert economic community to the global challenges of the modern economy.

The conference will be held in Russia, Perm, Perm National Research University, October 21, 2021.

We are pleased to invite you to present your papers in English at the International Research-to-Practice Conference GE-2021 **"Economic Science in the Face of Global Challenges: Realities, Forecasts"**. Articles in English, 7-15 pages, meeting the requirements of Springer Proceedings Guidelines for Authors, will be published in the book series "Smart Innovation, Systems and Technologies", submitted for indexing in Scopus, in Springer Link digital library. All submissions will be reviewed for relevance, originality, importance, and clarity, and will undergo double-blind peer review. After articles are accepted for publication, authors must fill out a publication consent form and pay the registration fee. The link to the download area, the publication consent form, and information about the registration fee will be provided on the website and forum groups in social networks.

Important dates:

Publication of the article in English by June 01, 2021.

Signing of the publication agreement and payment of the registration fee for inclusion of the accepted article in the Proceedings until August 01, 2021.
